ABOUT NEDA

We are the leading nonprofit in the field of eating disorders, reaching millions of individuals and families every year through our lifesaving programs, resources, and support networks.

OUR MISSION

NEDA supports individuals and families affected by eating disorders, and serves as a catalyst for prevention, cures, and access to quality care.

OUR PROGRAMS

Information & Treatment Option Helpline is a toll-free, confidential national helpline that provides treatment options, insurance guidance, and many more resources to those in need.

The Online Eating Disorder Screening assesses warning signs of an eating disorder. This screening is not a replacement for clinical evaluation.

Loss Support Network connects those who have lost a loved one to an eating disorder to provide support to each other.

National Eating Disorders Awareness Week (NEDAwareness Week) provides information, resources, and messages promoting early intervention, hope, and recovery for the largest eating disorders outreach effort in the nation.

Regional NEDA Conferences bring together families, people in recovery, and professionals to learn, connect, and support one another.

The Parent, Family & Friends Network (PFN) offers encouragement, support, and hope to those whose loved ones are struggling with an eating disorder.

Feeding Hope Fund for Clinical Training provides grants to clinical researchers focusing on innovative treatment, prevention, and training research.

NEDA Advocacy Program advocates and encourages others to advocate for eating disorders legislation at the state and federal levels

The Body Project is an early intervention program for high school and college-aged women that provides tools and skills to confront unrealistic beauty ideals and develop healthy body image and self-esteem.

NEDA Toolkits provide accessible information and resources on a variety of issues surrounding eating disorders.

Recovery is possible – and we are working to make it happen.
